### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian R. Tumm on January 23, 2006.

The application has been amended as follows:

- 1) In claim 3, line 25 and in claim 22, lines 3 & 5: The phrase --at least one-- has been inserted after the term "said".
- 2) In claim 22, line 2: The phrase --at least one laterally oriented-- has been inserted after the term "said".

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully agrees with Applicants' arguments on pages 13-16 of their amendment filed November 3, 2005 stating that none of the prior art, taken either singly or in combination, is seen to teach or suggest the particular structure of the wheeled carriage as recited in independent claims 1 and 18 in combination with a transverse control shaft which is *lowered relative to the wheeled base* as recited in claim 1 and wherein a rotational force component rotating the transverse control shaft *and a linear downwardly directed force component* assists in downward

movement of the at least one auxiliary wheel as explicitly recited in claim 18. Since claim 3 (which was indicated in the prior Office action filed July 29, 2005 as containing allowable subject matter) has also been rewritten in independent form, independent claim 11 has been rewritten to overcome the minor claim objection noted in the prior Office action, remaining claims 2, 4-10, 12-17 and 19-24 are dependent upon claims 1, 3, 11 and 18, and an updated search of the prior art did not yield any other references pertinent to Applicants' claims, it is considered that the application is currently in full and proper condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (571) 272-7048. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..
